

CollegeGPT - Sample College Information

This sample document is created only for testing the CollegeGPT RAG document-upload and retrieval pipeline.

1. Admissions

Applications are accepted for undergraduate programs. Students should check the admission notice for application dates, eligibility, required documents, and fee deadlines.

2. Departments and Courses

The college offers undergraduate programs in Commerce, Accounts and Finance, Business Administration, Computer Applications, and English. Course availability may vary by academic year.

3. Library

The college library is available to enrolled students. Students must carry their college ID card when borrowing books. Books should be returned by the due date stated by the library.

4. Examinations

Students must complete the required attendance and internal assessment requirements before appearing for semester examinations. Examination schedules are announced through official college notices.

5. Scholarships

Eligible students may apply for government or institutional scholarships. Required documents and deadlines are announced through official notices.

6. Hostel

Hostel accommodation, when available, is subject to eligibility, seat availability, and hostel rules. Students should contact the college office for current hostel procedures and fees.

7. Placements

The placement cell organizes career guidance, aptitude training, and campus recruitment activities. Students should register with the placement cell to participate in eligible drives.

8. Student Clubs and Events

Students may participate in cultural, academic, sports, and club activities. Event dates and registration details are announced by the college.

9. Important Notice

This is a fictional test document. For a real deployment, replace it with official college PDFs, notices, handbooks, and policies.
